Letter of Support
Arc Park

To Whom It May Concern:

I am writing to you enthusiastically in support of Arc of Lane County's proposal for an all access park and playground, Arc Park. As the Children's Team Supervisor at Lane County Developmental Disabilities Services, the creation of an all-inclusive playground would be extremely valuable for the Eugene-Springfield Community. It would bring together youth of all abilities & their families, which will build stronger neighborhoods and connections for kids with and without physical, intellectual, and/or developmental disabilities. Developmentally appropriate play with peers of all abilities and parents creates repeated opportunities for emotional, cognitive, language, and self-regulation skill development for children which leads to better outcomes for success in all these areas as children grow into adolescents and adults.

I whole heartedly support Arc of Lane County's proposal for the Arc Park & strongly believe it should receive funding due to the value it will add for all families in the Eugene-Springfield area.

Sincerely,
